FERRARA

CITY OF ART AND CULTURE

Capital of the Renaissance, metaphysical city, city of art, the names given to this city are a reminder of how art and culture are omnipresent in Ferrara, in the nature of the city itself and its possible visitor itineraries. As the first example of a modern city, Ferrara was the site of one of the most important urban projects in Italian history, the Addizione Erculea, which sought to harmoniously integrate the city with its medieval side. The Este Castle, the Palazzo dei Diamanti, which today hosts major international exhibitions, the Palazzo Schifanoia with its museum and the entire historic centre are essential stops to understand the Ferrara of yesterday and today, with its metaphysical overtones and the base for the writings of Bassani.

In Ferrara, every corner tells a story, and with us, you can discover the one that best suits your travel spirit.

THE ESTENSE CASTLE

A backdrop to the splendours of the ducal court, the Este Castle is a place **rich in history and charm**. Amidst cursed loves, court intrigue, illustrious personalities and sumptuous banquets, a journey through time takes shape: from the dungeons that bear witness to the sad affair of Don Giulio d'Este, to the magic of the **Orange Garden**, Ariosto's inspiration for the enchanted landscapes of *Orlando Furioso*, **through the frescoed halls of the piano nobile**.

GUIDED WALKING TOUR

WALKING TOUR - EVERY CORNER TELLS A STORY

Ferrara is a city of many souls and personalities: our walking tours will take you on a journey of discovery, with itineraries designed to show you the most important places, monuments and views, and themed itineraries that will allow you to discover the stories and personalities that are inextricably linked to the Este capital, from ever new angles and perspectives.

MEDIEVAL ITINERARY

To really understand the origins of the city of Ferrara, you need to immerse yourself in the Middle Ages. What better way than a fascinating tour of the city's historic heart with an experienced local guide? Medieval Ferrara includes some of the most evocative places in the historic centre, from the splendid Via delle Volte, which followed the course of the river Po, with its magnificent arches, to the characteristic views of the Jewish Ghetto, the backdrop to the daily life of one of the oldest communities in Europe, through the Piazza della Cattedrale and Piazzetta Municipale. A stop at the Estense Castle, still surrounded by an imposing moat and drawbridges, the majestic symbol of the city, is not to be missed.

RENAISSANCE ITINERARY

The most famous aspect of the city is its Renaissance heritage, recognized as a UNESCO World Heritage site. It is the 15th-century Addizione Erculea that characterized **Ferrara as 'the first modern city in Europe'**, shaping its features even in future developments. The itinerary, accompanied by a qualified guide, will take you along the majestic Corso Ercole I d'Este, the intersection of the Quadrivio degli Angeli, which connects the Estense Castle to the Porta degli Angeli. A detour to Piazza Ariostea, the stage for the traditional Palio races, designed by the famous architect Biagio Rossetti. Between the majestic palaces, you can get a glimpse of the Massari Park and the magnificent Certosa Monumentale. This is the perfect route to appreciate the modernity of the Este city.

The tour can also be organised with a focus on Ariosto-related sites or on the notable women of the Este court.

JEWISH ITINERARY

The history of the city of Ferrara is closely linked to that of its ancient Jewish community. The medieval district is still home to the synagogue and preserves the historical memory of the past, among the streets of the old ghetto. Via Mazzini was the heart of the commercial and social life of the community. Starting from the Cathedral of San Giorgio, we walk through the streets of the city center, discovering the history of the city community, with a look at Corso Ercole I d'Este and Corso della Giovecca. There are many places to visit here to get an understanding of **everyday Jewish life, traditions and cuisine.**

It is possible to extend the itinerary with an in-depth look at the life and works of the Ferrarese writer Giorgio Bassani and/or a visit to the Jewish cemetery in Via delle Vigne (subject to opening days and hours).

The itinerary can be rounded off with a visit to the MEIS - National Museum of Italian Judaism and the Shoah.

MYSTERY TOUR

A guided tour to discover legends, astrological symbols and mysteries, to uncover some of the most compelling secrets and stories from the city's history, in the picturesque alleyways, ancient churches and noble residences. Starting with the façade of the cathedral, with its hidden esoteric symbols, and **the Church of San Domenico, famous for its "Devil's Footprint"**, the unsettling adventures of the magician-engineer **Bartolomeo Chiozzi**, straddling history and popular legend, will be re-enacted. The itinerary then takes us to the Oratorio dell'Annunziata, the ancient seat of the **Confraternita della Buona Morte** (Brotherhood of the Good Death), and to Via Savonarola, where the mysterious death of the court poet Ercole Strozzi took place; or from **Torquato Tasso's cell** (not accessible) along Corso Ercole I D'Este (not accessible), ending at Palazzo dei Diamanti, a visible example and culmination of Borso d'Este's great passion for astrology.

FERRARA AND THE CINEMA

From Michelangelo Antonioni to Florestano Vancini, from Luchino Visconti to Vittorio de Sica, and even to the directors of more recent TV series, Ferrara's relationship with the world of cinema has been established for over a century. Accompanied by a guide, you will explore the locations that have served as set for important films, whose charm has inspired famous movies, short films, and TV series embedded in the collective imagination, most notably *The Garden of the Finzi-Contini*. The itinerary winds through the medieval historical center to the Renaissance Addition, following in the footsteps of cinematic protagonists and stories that still echo through the city's alleys, gardens, and squares.

Upon request, the tour can be enhanced with a visit to the Spazio Antonioni, the museum dedicated to the life and work of one of the greatest figures in modern cinema.

Cycling is a way of life for its residents, who have been accustomed since childhood to getting around quickly and comfortably on two wheels. TASTE FERRARA

FOOD AND WINE EXPERIENCES

Cristoforo (from) Messisbugo, in his mid-sixteenth century cookbook "Libro novo. Nel quale s'insegna a far d'ogni sorte di vivande (...)" was the first chef to put down on paper several recipes using ingredients that are very common today. A ducal attendant at the Este court, he was first a scalco (a skilled meat butcher) and then a chef. **We owe many specialities of Ferrara cuisine to his creativity including "pasticcio di maccheroni"**. With ancient traditions and curious anecdotes, Ferrara offers a cuisine with surprising combinations, such as those that make Cappellaccio so unique.

COOKING CLASS

A fun and engaging way to discover one of the fundamental aspects of Ferrara's tradition and folklore: its food and wine specialties! In this cooking class, you will literally get your hands dirty with dough while learning technical skills, fascinating facts, and legends about the most famous traditional dishes, all culminating in a final tasting. You'll discover the "coppia", Ferrara's bread with its unusual cross shape, whose crunchy twists are said to have been inspired by the golden curls of Lucrezia Borgia, and the "ricciola", a fragrant, savory breakfast ring. Then, the "cappellacci di zucca", pumpkin-filled pasta that is a symbol of the city, followed by the rich and indulgent "torta tenerina" with its soft, melting heart, and the "brazadlin", typical homemade cookies, delightfully crumbly.

The rooms of the palace - **centrepiece of the Addizione Ercolea** and one of Ferrara's most iconic symbols- bring to life the masterpieces of **the great names of ancient, modern and contemporary art**. The exhibitions and itineraries, curated by **the Ferrara Arte Foundation**, are designed to immerse visitors in the atmosphere created by the works on display, enhancing the important historical context that hosts them and creating virtuous connections with the city through focus and in-depth analyses, as well as targeted events and ad hoc exhibitions.

FERRARA FOOD FESTIVAL

Too difficult to choose which dishes to sample during your few days of holiday? The **Ferrara Food Festival** gathers the city's food and wine excellence, bringing together all the specialities in a single event!

The Listone, the long, wide, metaphysical pavement of Piazza Trento Trieste, and other squares, are transformed for a few days into the most magical of outdoor areas, where tradition is served with small samples of typical products, tastings, cooking shows and even some theoretical moments.

An event like this isn't complete without an excellent traditional dinner or, why not try a cooking class: we'll make your culinary experience unforgettable!

CHRISTMAS AND NEW YEAR IN FERRARA

Experience the wonderful festive atmosphere: **Christmas and New Year in Ferrara**. Kilometers of lights and decorations illuminate the old town, climbing up the main streets, while the impressive decorated tree watches over the square, adorning the view of the Cathedral of San Giorgio. There is no shortage of traditional markets on the listone of Piazza Trento and Trieste, to help residents and tourists fill any empty space under the tree. Pretty little wooden chalets also grace Piazza del Municipio.

A range of large and small events, shows and surprises accompany us as we head towards Christmas and on to the final celebration on New Year's Eve. Famous across Italy, **the fire at the Estense Castle marks midnight, bringing in the New Year**.

If you are a Christmas lover or a New Year enthusiast, Ferrara has something for you: during the holidays, wishes come true!

THE PALIO DI FERRARA

The Palio di Ferrara is one of the most important and oldest events the city has to offer. **Discover the unique atmosphere of the ancient Piazza Nova** - the magnificent Piazza Ariostea - in the days leading up to the races.

The Palio is not just the important final competition between the **eight city quarters**, watched over by the Corte Ducale, the races are preceded by the **historical parade, the flag-waving and music competitions** in Piazza Municipale and, above all, the traditional propitiatory dinners.

To experience the Palio is to live a few moments of typical folklore, excitement and energy; and the parade of the historical procession is an enthralling experience that takes you back to the glorious past of the Este court.

FERRARA SUMMER FESTIVAL

The Ferrara Summer Festival is when great music comes to town! Nearly two months of entertainment in the historic center, featuring big names from the international and national music scenes, along with theater, comedy, and performances.

The Ferrara Summer Festival attracts audiences from all over Italy each year with its eclectic program: from sporting events to concerts by legendary Italian and international artists, as well as performances by the most popular contemporary bands and comedy shows.

Over the years, the Ferrara Summer Festival stage has hosted artists of the caliber of Gianni Morandi, Francesco De Gregori, Antonello Venditti, Pooh, Giuseppe Giacobazzi, as well as international stars like Europe, the Black Eyed Peas, and renowned DJs such as Paul Kalkbrenner, Disclosure, and Peggy Gou. Other notable acts include Coma Cose, Calcutta, and Annalisa.

AN EVENING AT THE THEATRE

A favourite habit of many Ferrara residents, proud of their little gem of a theatre located in the city center, is to spend an evening there. The Teatro Comunale of Ferrara has been located a few steps away from the Estense Castle since the end of the 18th century, when the Cardinal Legate Borghese commissioned it from architect Antonio Foscini and Cosimo Morelli. Renovated in the mid-twentieth century by the Ferrara engineer Carlo Savonuzzi, it has since offered major seasons of drama, dance, opera, classical and other music, as well as experimental theatre. **Since 2014, the theatre has been named after the great conductor Claudio Abbado** to commemorate his wish to establish the Chamber Orchestra of Europe there. A magnificent example of Italian-style theatre, acoustically excellent. An evening at the theatre, with the customary aperitif before entry, could be the perfect opportunity to do something different during your stay in Ferrara. The wonderful architecture of the interior also provides the ideal setting to enjoy the season's events to the full!

LIVELY DARSENA

The Darsena comes to life, every year, during the summer months. **This space, restored and returned to the city, overlooks the Po di Volano, the urban branch of the great river Po.** It is the quintessential place to spend the warmest evenings, refreshed by the river breeze. In just a few years, the Darsena has become one of the most beloved gathering spots for the people of Ferrara, especially during the summer season.

Whether it's for a jogging session, an aperitif, a picnic or as a boarding point for a river excursion, the Darsena is a space to enjoy at any time of the day.

In summer, it buzzes with a rich program of events, including food, wine tastings, music, and dance, organized by various local associations that create a diverse, almost non-stop festival from mid-May to September. All that's left is to choose one -or more- of the many events according to your tastes!

FERRARA BUSKERS FESTIVAL

The Ferrara Buskers Festival has become a tradition: since 1988, and on an international scale, the festival has brought street arts to the city, with a special focus on music and cultures from the most diverse corners of the world. Its important mission is to highlight art in all its forms and the talent of artists who are often not in the spotlight.

The city fills with music and art, in street corners and in the shadows of magnificent historic buildings. This is an event of sharing and great emotions, where every step reveals a new cultural and human dimension, creating a festive atmosphere in the final days of August.

For the past few years, invited artists have given a preview performance in the nice Comacchio, the jewel of the Po Delta, for an evening filled with atmosphere among the town's bridges and canals.

It's a unique opportunity to visit Ferrara and its Po Delta Park and to experience all its nuances.

The tour explores the most representative sites of Ferrara's historic center, a UNESCO World Heritage site that perfectly balances the Middle Ages and the Renaissance period. The itinerary continues through the medieval streets of the oldest part of the city and the district of the ancient Jewish ghetto, concluding with a view of the monumental Corso Ercole I d'Este, the main axis of the so-called Renaissance Addition.

A guided tour to discover the fascinating Teatro Comunale of Ferrara, considered one of the most remarkable examples of "Italian-style" theatres, with its architectural structures that have remained almost entirely unchanged over its more than 200-year history, and the somewhat magical, open yet seemingly hidden space known as the Rotonda Foschini.

The internal guided tour offers the opportunity to immerse oneself in an atmosphere of creativity, music, and performance, revealing some of the behind-the-scenes secrets.
